WORLD'S BEST... MERLIN III

THE STRONGEST and MOST RELIABLE - HERE'S WHY

**FOR
IMMEDIATE
RELEASE**

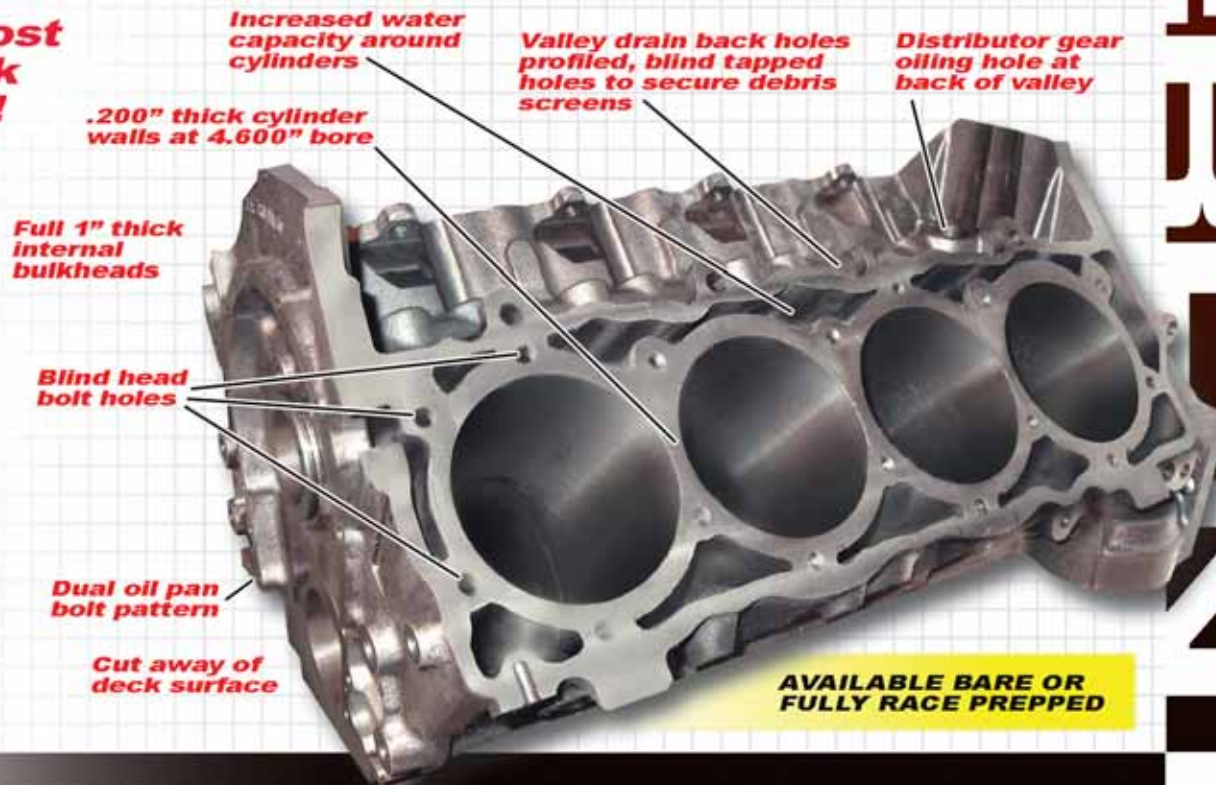

**TAKE AN INSIDE LOOK AT WHAT MAKES THE
MERLIN III CASTING THE ULTIMATE FOUNDATION
FOR HIGH HORSEPOWER POWER ADDER COMBINATIONS**

MERLIN III... the strongest, most technically advanced big block Chevy casting available today!

WORLD PRODUCTS has been producing the **MERLIN** block for over 15 years. Right from the start the MERLIN block has always provided the strength and reliability needed to make horsepower over the long haul.

With 1" thick bulkheads and extra-thick cylinder walls combined with the optional splayed billet main caps, the MERLIN is unquestionably the strongest in its class, along with added features like:

- Clearance for 4 3/8" stroke in the standard deck and 4 3/4" in the 4.624 tall deck block.
- Oil galleys are stepped from 1/2" to 7/16" to maintain proper oil pressure.
- Blind head bolt holes to prevent leaks.
- Large capacity water jackets to aid cooling.
